

Meeting 23rd June

Harriet Notes	Meeting Comments
<p>Cassowaryr</p> <ul style="list-style-type: none">- Swapped the only use of a tripack function to inept version- Check for double ups has changed<ul style="list-style-type: none">- Previously used discrete on numbers, now converts it to a string?? I just copied their code because It was driving me nuts- "Triangle Collapsed" error has changed<ul style="list-style-type: none">- Previously was for constant values i.e. no standard deviation- Now is for ANY straight line, and a bizzare test case- AFLW data no longer calculates?<ul style="list-style-type: none">- It doesn't return an error, it just stops at 2% and then says it will take 3h after 10mins- I ended up just having to copy the data over from the previous presentation. It predicted to take 3h to calculate on this data and I haven't found the issue yet.	<ul style="list-style-type: none">- Focus on getting this working
<p>Coursework</p> <ul style="list-style-type: none">- MTH5230: Markov chains and random walks is available semester 2- https://handbook.monash.edu/2022/units/MTH5230- I asked my housemate and apparently postgrad maths is MUCH harder than undergraduate, is the passing grade 50 or 70 if i take this course?	<ul style="list-style-type: none">- Email Kais and ask for course stuff
